Plumbing Information

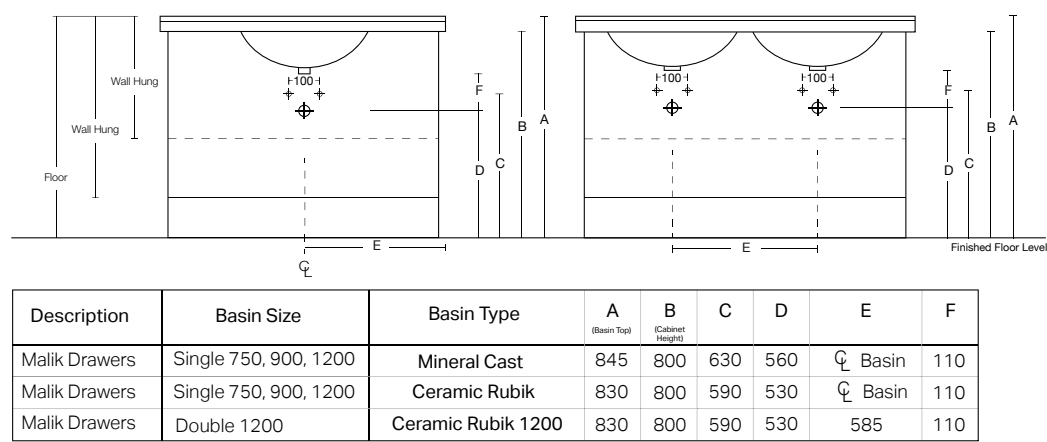

IMPORTANT PLEASE READ BEFORE PLUMBING

If you increase or decrease height of basin (i.e. dimension A) then C + D dimensions must be amended accordingly.
F measurement is bottom of basin outlet to centre of wall waste pipe - if another waste trap is used, you will have to confirm F measurement suits or adjust Accordingly.

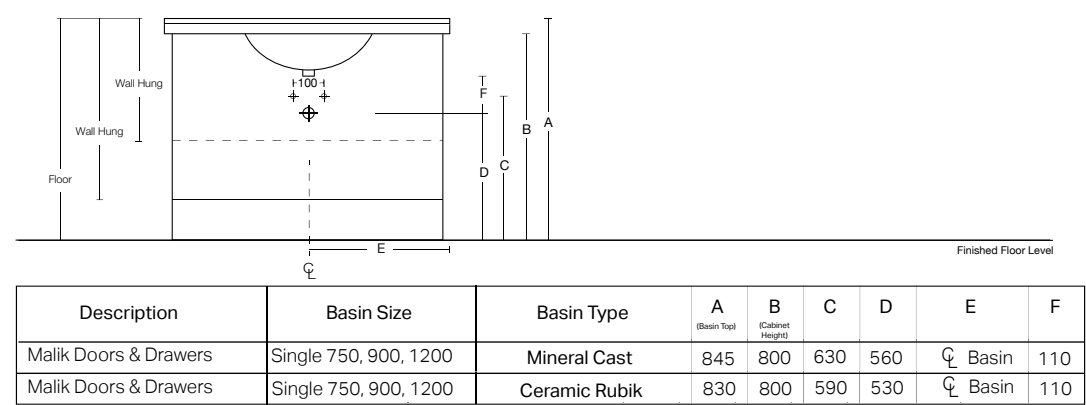

NOTE: Waste outlet positioned for standard chrome bottletrap and pop-up basin waste.

PLEASE NOTE With wall hung vanities, we suggest you adjust the measurements to suit your individual height preference.

Softclose

Smooth synchronised technology delivers smooth softclose on doors and drawers.

Ceramic Basins

Because ceramic is fired at high temperatures some visual distortions will be evident. Handcrafted ceramic tops are individually selected by St Michel from specialist suppliers around the world.

Mineral Cast Basins

Our exquisite Mineral Cast basins are individually created by a world leader in Cast Marble Technology.

St Michel Standard Colours are subject to change. Ask in store for current availability.
